VALUE OF GOOD SCHOOLS

98% of district patrons think the quality of the Blue Valley School District positively impacts property values and economic development in the district.

82% of survey respondents gave the district an "A" or "B" for the value received for the tax dollars invested in the district.

STEWARDSHIP

Blue Valley is recognized by financial industry leaders as a well-run school district with the highest ratings available for public entities.

Moody's Investors Service: **Aaa**
Standard & Poor's: **AA+**

Blue Valley Board of Education has a strong history of refinancing debt and pre-paying debt to save taxpayers.

Oct. 2019: The Board of Education paid off \$7+ million of debt early, saving taxpayers \$600+K in interest.

Oct. 2020: The Board of Education plans to pay off \$31+ million of debt early, which will save nearly \$7 million in interest costs.
